Running

Two men are standing on a green, vertically-ribbed wall, holding a long white banner. The man on the left is wearing a grey hoodie and a blue beanie. The man on the right is wearing a dark jacket, a grey baseball cap, and blue gloves. A green and white striped flag is partially visible in the top left corner. The background is a plain, light-colored sky.

RUM VILLAGE NEIGHBORHOOD ASSOCIATION

Welcomes You

Introducing....

Brownfields to Greenfields Program

What is a Brownfield? How do we make it a Greenfield? These are just a couple of the questions that your Troupe can ponder while attending the "Brownfields to Greenfields" Program at Green Tech Park!

Mother Earth, LLC, is a local company that is redeveloping a Brownfield site, specifically the former Studebaker Plant 8, and is offering this wonderful opportunity to the Girl Scouts of Singing Sands to participate in this environmental program. The girls will attend an age-specific program that will teach them how to identify Brownfields and what they can do to improve them.

OUTDOOR ACTIVITIES

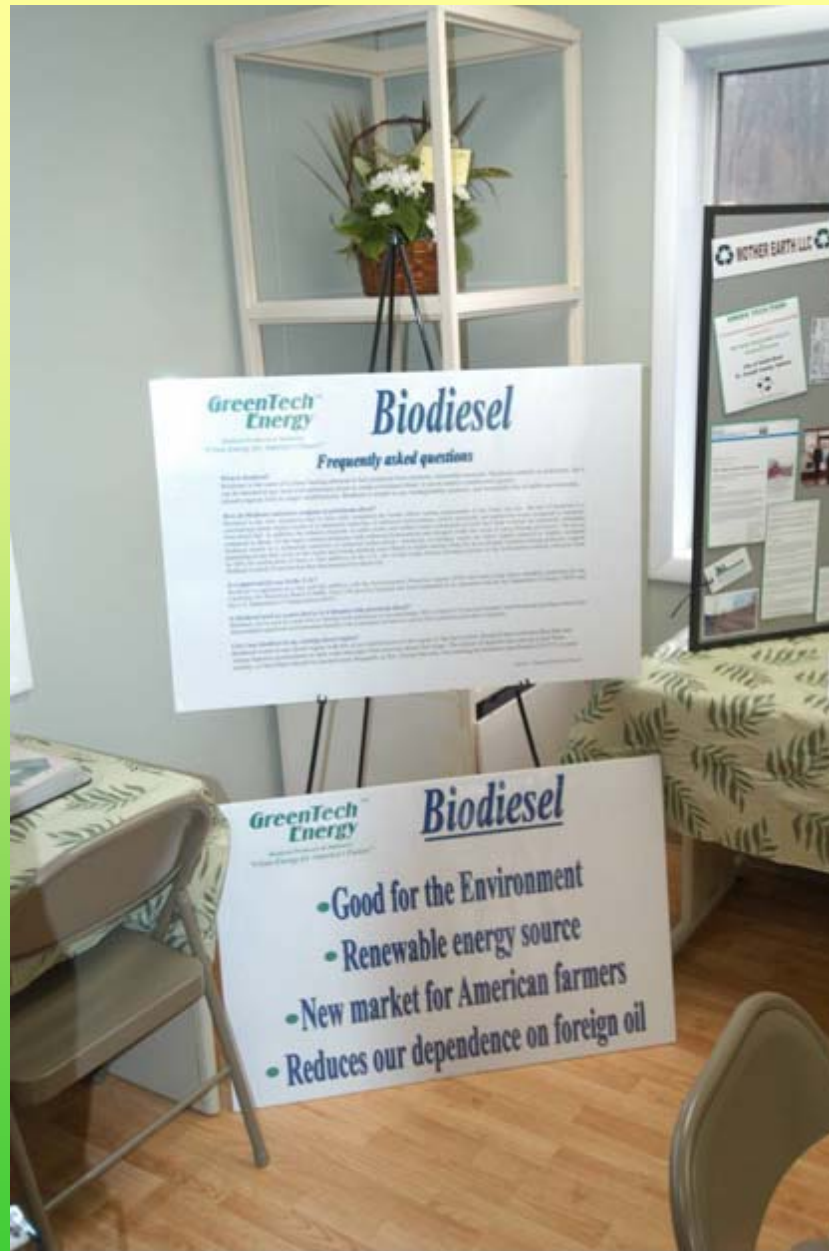

- * Nature Walk on the trail system in the woods
- * Stream Restoration at Bowman Creek
- * Witness Environmental Testing

INDOOR ACTIVITIES

- * Slideshow
- * Puzzles
- * Recycling Game
- * "Scrap"book

If you would like more information about the Brownfields to Greenfields Program or on how your Troupe can become "Green Tech Troopers" call Belinda Morris or Lora Davis at (574) 232-6000.

BAT TEAM

An aerial photograph of a sports complex. In the upper left, there is a large rectangular pool with blue water. To its right and below are several green fields, likely for soccer or football, separated by paths and some trees. The overall scene is captured from a high angle, showing the layout of the facility.
